The question is whether we can do this amendment administratively or will the Council have to appr
ove it.
Obviously, our preference is to approve this minor adjustment administratively since it will not s
ubstantially alter the council-approved map.

Hi Elena,
Please see Jill's email below regarding the Lot Line Adjustment.

Sincerely,

Hi So,
We looked into this and doing a lot line adjustment before the map is recorded is not possible/doe
sn't make sense. In order to do a lot line adjustment, the map has to be recorded. As it is not
recorded there are no lot APN numbers. Additionally, as the lot line adjustment is not between tw
o privately owned parcels. It seems that the best option and one that makes the most sense is for
us to simply reflect the roadway revision on the final map so that when it is recorded it is accu
rately reflected. Let me know if I should contact Elena to discuss.

Thanks,

Hi Jill,

I just spoke with Elena and she said that we can simply process a Lot Line Adjustment prior to the map recordation. Attached is the application. Please note the fee on page 2. Same process as the other lot line adjustments with the PBCA property owners.

Sincerely,
So Kim, AICP

Hi So and Ara,
Any update on the process for the minor change to the street entrance to the housing off of Trump National Dr.? We would like to get this finalized as soon as possible.

Thanks,
